

Enrichment Class Teacher Application

Dear Potential Teacher;

While this application does not guarantee a teaching position or time availability, we sincerely appreciate your offer to provide instruction for our home school students. Please take a moment now to complete this application in its entirety. Normally there is a minimum of five paying students per class to hold - if you require different minimums, or if your class will have a maximum number of students, notate that as well. Should you need additional space, feel free to securely attach another page.

The majority of our students come from diverse Christian backgrounds therefore we must be ever sensitive, never contradicting on the one hand the principles of Christianity as found in the Bible, nor on the other hand endorsing any particular religious group or theology other than Biblical Christianity. While many of our home schooling families have a personal faith in Jesus Christ, and though many of our motives and guiding principles come from Christian tradition, this is not a prerequisite either for home schooling or teaching.

Teachers are considered self-employed and must be personally available during class enrollment; or make arrangements to have their agent on hand to answer questions, give receipts and collect all funds for their classes directly. (Please note: Enrichment Committee member students receive their classes free of charge.) To cover remuneration for our host, **teachers agree to give one dollar (\$1) per student per class** (total to consist of all students, including non-paying, in each class) to the Enrichment Committee.

The information you provide will be used to compile the class descriptions for our home educating families so please, be thorough. If you have any questions, please contact a current member of the Enrichment Course Committee. Again, thank you for your time and interest.
